From Pat's Perspective:

Sometimes it's hard to think beyond our own community and projects. We are part of a much larger group of women, though, all standing shoulder to shoulder, united in a common cause. As I go to District Council this week, I am thinking about what our larger presence means. Belonging to The Porch Club of Riverton, we are all members of the New Jersey State Federation of Women's Clubs and the General Federation of Women's Clubs. Clubs across the country and the world share our dedication to community improvement by enhancing the lives of others through volunteer service. There have been so many famous club members, but here are a few of the most notable:

Julia Ward Howe (1819-1910) is best known for authoring the poem "The Battle Hymn of the Republic". She was a prolific writer and became the first woman inducted to the American Academy of Arts and Letters. She was a leader in the suffrage movement and a respected lecturer for numerous causes. She helped organize the New England Woman's Club in 1868 and served as the President of the Massachusetts Federation of Women's Clubs.

Jane Addams (1860-1935) founded Hull House, a settlement house in Chicago, which served as a model for the social reform movement of the Progressive Era. She was a vocal advocate for working women and child labor laws, a leader in the suffrage movement, and helped to establish the International League for Peace and Freedom. She was awarded the Nobel Peace Prize in 1931. Addams was an active member of the Chicago Women's Club and served as Chairman of the GFWC Committee on Child Labor in the early 1900's.

Eleanor Roosevelt (1884-1962) was a first lady, social reformer, columnist, teacher, and political activist. She was a tireless advocate for the poor and disadvantaged and used her influence as a speaker and writer. She also served on the first U.S. delegation to the United Nations and drafted the Declaration of Human Rights while chairing the Human Rights Commission for the UN. She was an active member of the Chautauqua Women's Club in New York and maintained strong ties with the Federation throughout her years as First Lady. She spoke at several GFWC events and graciously entertained GFWC officers at the White House.

Margaret Chase Smith (1897-1995) was an active member of GFWC in Skowhegan, Maine and became president of her local club at age 25. Smith held political office in Maine for a total of 33 years (1940-1973). She was first elected as State Representative and later became Senator. Smith was the first woman to ever be elected to both Houses of Congress, and in 1964, she became the first woman to campaign for the presidential nomination of a major political party.

Our own Mary VanMeter Grice founded the PTA in New Jersey and was the first woman elected to a school board in New Jersey. She was an activist, leader of the suffrage movement, published author, social reformer and the first President of the Porch Club. I am so honored to be able to stand in this long line of wonderful women. Brag a little! These women are an inspiration to us all and they are one of us.

In February our committee will be collecting clothing and basic supplies for "one pound miracle" babies born at Cooper's Children's Regional Hospitals.

Our donations will go to families who cannot afford to purchase the supplies needed to care for their premature babies.

In March we hope to have a volunteer speaker from Crossroads, a support program that "empowers youth who are homeless, abandoned, abused, or at-risk to lead healthy, productive lives".

This presentation will be given at one of our committee meetings but will be open to all members.

I will announce the date at our February general meeting.

I am still learning about The Porch Club but the response I have received from all of the social programs we work with has been inspiring.

International Affairs

Pat McDermott, pmcdermott14@comcast.net

On February 1, 2011, we are holding our annual International Luncheon. In the past we have highlighted global charities such as Christian Children's Fund (now Child Fund International) supporting children around the world like our Kimberley. We also supported UNICEF and listened to one of our members speak on the Culture of Peace and Non-Violence for children around the world. One of our largest initiatives was the "Bead For Life" campaign supporting Ugandan women and their struggles to lift themselves out of poverty by making jewelry from recycled paper. You should know that all of these charities are still strong and making strides for women and children around the world.

This year our International Luncheon will spotlight Heifer International. Former First Lady, Barbara Bush has said, "Heifer International has brought dignity and self reliance to families in need all over the world with its brilliantly simple solution-live-stock and training for food and income." Please support our "Chicks for Chickens" campaign to contribute several flocks of chickens or maybe even some rabbits to Heifer International.

Thank you in advance for your continued and generous support!

We continue to send packages to Kimberley. Any monetary or material donation is accepted. I usually have a basket at each members meeting for new books or clothing that you would like to donate. Kimberley is 10 years old and wears a size 10/12 girls.

International Women's Day is celebrating its centennial this year on March 8, 2011. Check out their website for world wide activities and to have your voice heard on this day: www.internationalwomensday.org

We will be decorating mini cakes with fondant icing and making fondant flower decorations. Cost will be \$20.00 and must be pre-paid. Look for the sign up sheet.

March 22, Tuesday. Bus Trip to the Metropolitan Museum of Art.

The bus trip will cost \$30.00 and must be pre-paid. The group admission to the museum will be \$20.00 and is due the day of the trip. Look for the sign up sheet.

She developed a passion for the world's cultures and shares her experiences living in remote areas of the world. Her talk includes a photo display, an exhibit of regional artifacts, and she wears a regional costume. Her lectures are highly interactive and very entertaining. We will also support Heifer Fund International at this meeting by sending some chicks to Africa.

Easter Basket Extravaganza

We will do our annual making of Easter baskets for poor families in conjunction with the Children's Event Committee and the local Girl Scouts.
